Autism Treatment III: Advanced Topics in Intervention
Summer 2003**

Assignment Rubric

Assignment: Model concept analyses preparation and presentation

Student's Name:

This assignment is worth 50 points

Assignment Features	Possible Points	Points Earned
In-class presentation		
materials prepared on disc or overheads	1	
student speaks clearly using behavior analytic terminology correctly	1	
student clearly explains rationale for inclusion of each example in both the teaching and the testing minimal rational sets	5	
Components of the concept analyses		
clearly labels the concept	1	
clearly describes the concept's superordinate and subordinate classes and (where applicable) important coordinate concepts	2	
contains a complete list of critical attributes	5	
all critical attributes are mutually exclusive	5	
contains a complete list of variable attributes	5	
lists "exhaustive" dimensions of each variable attribute	5	
contains a minimal rational set of teaching examples	5	
rational set includes examples where that sufficiently vary each variable feature	5	
contains a test set comprised of novel concept examples and close-in nonexamples	5	
both teaching and testing rational sets include actual items rather than descriptions of items	5	
Total:	50
